

It Turns Out Hunter Biden's 'Pedo Peter' Contact Isn't Who Everybody Thought

by [Kyle Becker](#) / July 14, 2022

Hunter Biden's phone contact 'Pedo Peter' found on his iCloud account is not associated with President Joe Biden, as earlier believed.

It is actually connected with 17-year-old Natalie Biden, the daughter of the late Beau Biden and his widow Hallie Biden, according to a [forensic analysis](#) performed by Breitbart News.

“The ‘Pedo Peter’ phone number was previously thought to be from Hunter’s iPhone, but Breitbart News’s forensic analysis of Hunter’s digital footprint shows the contact alias is from Hunter’s iPad, which *appears to belong to Joe Biden’s grandchild named Hunter*,” Wendell Husebo and Emma-Jo Morris conclude. “Joe Biden’s grandchild named Hunter is the son of Hallie.”

“I’m going to the boys b-ball game instead of practice because my teeth hurt so bad :sob: so that you don’t haft to pick me up at 3:00,” a text from Hunter’s iPad reads to a contact named, “mom.” The contact name “mom” matches the phone number of Hallie.

The Hunter Biden iCloud analysis showed that Joe Biden’s contact alias on the same iPad device is “Pop Biden.”

There is even a mega-viral song out performed by rapper Bryson Gray that mentions the ‘Pedo Peter’ alias. It has soared into the top ten on the iTunes charts.

The Arkansas Democrat-Gazette [reported](#) that a DNA test filed in court showed with “scientific certainty” that Hunter Biden is the father of a child by Lunden Alexis Roberts.

“The baby was born in August 2018, while Hunter was in a relationship with Hallie Biden, who was previously married to Hunter's older brother Beau Biden, who died of brain cancer in 2015,” Geoff Herbert [notes](#).

Hunter and Hallie Biden broke up in April 2019 after nearly two years of dating, Page Six earlier [reported](#).

In June 2019, Hunter Biden would marry a widow, but it wasn't Hallie Biden. It was Melissa Cohen — whom he tied the knot with after just six days of dating.
